

Leros (TCS #8) update for 4.0 rules

1.1g ignore, it's in standard TCS 4.0 rules now

1.7 Units which assault benefits have a -1 morale in Assault combat and also receive a +1 shift on the Fire Table when firing. If one side has such units in an Assault and the other does not, give the side with the better troops a +1 modifier on the Assault Combat Table.

2.5 British Naval fire is executed on the 5 row without any further modifiers on the Artillery Adjustment Table.
